Waller County Recycling Center does not buy any material. No commingled trash will be accepted. All recyclables must be sorted/cleaned prior to arrival in either bags or containers into the following categories:

Plastic: Plastic must be labeled/stamped grade 1 or grade 2 for recycling (water/soda bottles, food containers, detergent containers). Grade 3-7 will not be accepted for recycling (PVC, Vinyl, Soft plastic, Styrofoam, construction plastic)

Mixed Paper: Packing paper, newspapers, paper bags etc. Paper material that is coated in plastic or with binding will not be accepted for recycling.

Office paper: Files and other documents that are on printer quality paper and shredded paper.

Cardboard: Corrugated and Non-Corrugated cardboard (cereal boxes, food boxes, thin cardboard) accepted, boxes should be flattened and free of other debris.

Glass: All food/beverage container glass is acceptable. Tempered glass, porcelain/ceramic, and light bulbs will not be accepted for recycling.

Aluminum Beverage Cans: Beverage cans only (soda or beer) please do not commingle other aluminum scrap with the cans.

Scrap Metal: Tin food cans, aluminum food cans, scrap metal, aluminum foil/pans etc. Appliances are acceptable but refrigerated appliances (Freezers, Refrigerators, Window A/C Units) should have any Freon removed prior to disposal.

Batteries- We accept all types and sizes of batteries.

Electronics- We accept all types of electronics. We do not accept CR TV's, CR Monitors, or rear projection TV's
